Spotlight on Advanced (CAE) Student's Book + DVD-ROM 9781285849362

Spotlight on First and *Spotlight on Advanced* are fully comprehensive courses that have been revised to be in line with the new Cambridge English exam specifications for January 2015. They prepare adults and younger learners to excel in the revised exams. An exciting new feature of these revised editions is the Ideas Generator. Test takers need to generate ideas to pass the Speaking and Writing papers of the exam. The Ideas Generator uses National Geographic videos to stimulate students' interest in common exam topics, help them build ideas about these topics and gather the language they need to effectively write or speak about them. After each video lesson students will have a bank of ideas, functional language and vocabulary tied to eight topics that commonly appear in the exam. The Speaking Test videos and worksheets prepare students to deal with this challenge by getting them to engage with simulations of all four parts of the Speaking Test.

Outcomes is a 5-level General English course-book series, for adults and Secondary that runs from A2 to C1. The second edition of *Outcomes* is the only course that is consistently focused on helping students achieve the real world communicative outcomes they want and need. This lexically rich course emphasises students' need to have the conversations in English that they would in their own language. This new edition contains more contemporary and global content, reflecting English as it is used in the world and is visible via rewritten texts and new National Geographic photos and videos. There is a strong emphasis on real and natural English usage so students can develop the English language skills necessary for the real world.
