Reduced memberships

If you have recently reached the official Swiss retirement age and have a postal address in Switzerland, you can continue supporting ETAS by taking advantage of the reduced membership fee. We also offer a reduced membership fee for students. Visit the ETAS website www.e-tas.ch or contact the ETAS Administrator at office@e-tas.ch.

Tell your colleagues about ETAS

Have you got colleagues who don't know about ETAS? Tell them about our Association! Show them our website (www.e-tas.ch) or invite them to join you at an ETAS regional workshop or national conference. If you email me their postal address (office@e-tas.ch), I'll be happy to send them a **complimentary copy of the Journal** with an invitation to apply for membership.

Office

I have a lovely office with a large library. For a small fee members can order books, see booklist and terms on www.e-tas.ch/resources/library.

Please, feel free to contact me if you have any questions regarding ETAS membership, advertising, exhibiting books, our mail-service Library, registrations for national events, etc.

Thank you for your excellent collaboration and ongoing support!
